

Terror Birds

Our explorations lead us to a new area. There seem to be eggs everywhere but which animal do they come from?

These combinations are particularly exciting. This is best played before level VII

Module **B + K** Module **F + K** Module **G + K** Module **I + K**

18 cards – Misson card K, secret card 9, 2 dice – Medium difficulty

Shuffle the 7 cards from this module with the backs forest; river and mountain that do not show an egg symbol  and then place them face down in a stack. These cards are the "terror birds"

You may only reveal the "Terror bird" cards from (the rock pile) or through special card actions. You always have to take the topmost "terror bird" card from the stack.

If you receive an egg as loot, you put the card you just completed face up with your group. These Card is then an egg. When you destroy an egg, you put one of your eggs on the cemetery

New Symbol

You have to hand over one of your tool tokens, you can decide which one.
