

# Metropolys

## Family game

---

- Take the 4 cards of the Metropolys extension. Deal 1 to each player in addition to the «Area» objective. Play the game normally.
- At the end of the game, in addition to the normal points, each player earns **9 points** per set of 3 buildings located **in the same district** and constructed on the colors which are indicated on the player's card.

*NB: You can make several 3-colors combinations in one district.*

## Expert game

---

- Remove the «Area» *District* card from the game. Take the 4 cards of the Metropolys extension. Deal 1 to each player in addition to the «Area» objective. Do not deal «Neighborhood» objectives. Then, play the game normally, but do not distribute the «Highest building» tokens at the end of the game.

- At the end of the game, each player earns **9 points** per set of 3 buildings located **in the same district** and constructed on the colors which are indicated on the player's card.

*NB: You can make several 3-colors combinations in one district.*
