

THE DECOY

The death of the Alpha made the Horde mad! Zombies appear at every street corner, surging over you.

Joining Professor Arlin is not immediately possible; you must find a safe place to hide. The only option you have is to find the Teen and his band who helped you.

In order not to endanger him and attract thousands of zombies, you'll have to split up: One group must directly join the Teen, while the other will serve as a decoy to lure the Horde in another direction.

VICTORY CONDITIONS

All Heroes are on an Exit tile (31-A and 24-B), which has been emptied of zombies, before the end of the soundtrack (the Horde arrives). Each Exit tile must have at least 1 Hero for the mission to be successful.

Heroes that finish on tile 24-B join the Teen, and will start the next scenario with a Special Item of their choice. Heroes that finish on tile 31-A served as the decoy, and get nothing special.

The tile on which each Hero finished will impact the next scenario, so be sure to write it down.

DEFEAT CONDITIONS

All Heroes are unconscious, or the soundtrack ends before the Victory Condition is met.

SETUP

SOUNDTRACK

Track #3 (a growl every 40 seconds).

HORDE

Put 3 zombies in the Horde box.

Shuffle all the Search cards face-down into the Search draw pile.

STARTING ITEMS

Each player begins with his Hero's Starting Items, or Items from the previous scenario, as well as any Special Item he may have had.

START S

Players start on the Parking Lot tile (08-A).

SPECIAL RULES

MOVING THE TEEN

The Teen moves at the beginning of the first player's turn. He follows the arrows () on the diagram.

He moves one tile each turn. Neither zombies nor Locked Tiles stop his progress. He stops when he reaches the Exit tile.

ARRIVAL OF THE ZOMBIES

This scenario does not use the usual rules for arrival of zombies:

- When you hear a growl, draw two cards from the Zombie draw pile.
- For each card, put the indicated number of zombies on the first Street Area without any zombies in it, starting from the letter indicated on the card (A, B, C, or D) on the road to the Active Hero.
- If all the tiles on the road to the Active Hero are already occupied, the new zombies are put on the Street Area of the Active Hero's tile, even if there already are zombies there.
- Horde Card: When a Horde is drawn, use the normal rule.

DEFEAT CONDITIONS

All Heroes are unconscious, or the soundtrack ends before the Victory Condition is met. If the Teen is ever alone, or with only unconscious Heroes on a tile that contains zombies, he dies and you fail this scenario.

THE RETURN OF THE TEEN

After several minutes of frenetic running, the decoy team turns to see that they doubly fulfilled their mission: The Horde followed them, and it's far behind... for now, anyway. You'll have to find the others.

The other team reached the refuge. Everything has been devastated by the Horde. Only the Teen survived. He sits in the rubble, injured and haggard, radio in hand. "Just before the attack, we received a call from a group that managed to get themselves organized. They have food and weapons. More importantly, they have a helicopter, and they're coming to pick me up. We're supposed to rendezvous a few blocks from here in an hour. Come on, we've gotta get outta here."

His injuries prevent him from defending himself; you must escort him.

VICTORY CONDITION

All Heroes and the Teen are on the Parking Lot Exit tile (32-A) before the end of the soundtrack (the Horde arrives).

They left heavy weapons nearby; nobody's going to mind if you take a few. Stock up, and prepare yourself for the worst.

- By spending 1 Action, a player carrying Machine Gun Ammo can completely reload a Machine Gun carried by another player in the same Area. Then remove the Ammo from the game. You cannot reload

SPECIAL RULES

THE RADIOS AND THE HELICOPTER

- The helicopter will only land if it is called.
 A Hero present in an area with a Radio token may spend 1 Action to turn it over. Place the helicopter on the Exit corresponding to the letter revealed (A, B, C, or D), then remove the Radio token from the game.
- It is impossible to use a new Radio before the helicopter has taken off.
- As soon as a Hero reaches the tile with the helicopter, he is automatically saved, without spending an Action. Then remove the helicopter from the board. The helicopter must be called again with another radio in order to land and save another player.
- A Hero carrying an unconscious Hero must choose whether to save himself or the unconscious Hero, but there's not time for both. Whichever Hero is left behind on the tile remains in the same state.

VICTORY CONDITION

At least 3 Heroes are saved by the helicopter before the end of the soundtrack (the helicopter departs).

Superhero Difficulty: Every hero must be saved.

DEFEAT CONDITIONS

All the Heroes who have not been rescued by the helicopter are unconscious, or the soundtrack ends before the Victory Condition is met.

RESCUE

The onslaught of zombies rages on, and just as you start to run out of ammo, you hear the helicopter approaching!

Unfortunately, the Teen will not be joining you: He succumbed to his injuries during the battle. His radio is also on its last leg, but you manage to make out the following from the helicopter pilot: "Impossible to land... too many zombies...". Then the radio gives up the ghost.

You must find radios to give new rendezvous points to the pilot. The mass of zombies prevents touching down for too long. He'll only be able to load one person at a time... good luck to the rest!
